

Dear Patient/Parent:

We welcome you, your family and friends to our practice. We hope that your relationship with our office will be an effective and satisfying one in the years to come. Our approach to Orthodontics for you will be such that you may feel comfortable every time you make an appointment. Thank you for selecting us for your Orthodontic needs. We care about your health, comfort, and smile. Your dental health is our highest concern. It is our privilege to offer you the unique combination of the latest in orthodontics with personalized care. Your first visit includes a complimentary full clinical exam and photographic records. Upon completion of the exam you will have a private consultation with Dr. Raj and then a member of our staff to further discuss your needs and answer any questions you may have. The first visit will take approximately one hour. We use this visit to create our orthodontic treatment plan(s) for you, your child or children. This will be one of the most important services that we offer at the very first visit. Your needs as a new patient are of utmost importance to us. Again, thank you for choosing our office. We look forward to being of service to you.

Sincerely,
Dr. Raj
